TIMOTHY MIETTY

Illustrator/Designer/Consultant

PROFESSIONAL SUMMARY

Personable, self motivated, problem solving and highly creative design professional who is passionate about bringing a personal touch to modern media design. Expert knowledge and skill in leveraging current industry standard software to create unique and innovative works for diverse media applications. Proven ability to deliver high quality work on time. Unique portfolio spanning a wide spectrum of subjects and industries.

Key strengths of adaptability, communication and attention to detail. Proven track record of working in both team and self-directed environments in a variety of key roles within design and marketing settings. Strong communication, presentation and organizational skills to compliment expert graphic and web design knowledge.

PROFESSIONAL WORK EXPERIENCE

Graphic / Web Designer

Granite Companies, LLC in Centennial, CO (July 2008 – July 2011)

Development of branding solutions, illustrations, business collaterals, e-blasts, marketing campaigns, advertisements and Websites for the Granite Companies. Coordination of branding and collateral concepts across multiple Granite brands.

Media Designer/Consultant

Educational Management Corporation, Pittsburgh, PA (Dec 2003 – July 2008)

Art direction, design, construction and concept development for online learning media for Educational Management Corporation [EDMC], which includes The Art Institute Online, South University and Argoxy University. Works included illustrations, graphics, style boards and interactive Flash animations.

Graphic and Web Designer/Consultant

MicroStaff Inc. Englewood, CO (March 2002 – May 2003)

Web and graphic designer and consultant to clients including Active Education, and ACT Teleconferencing, both of Golden, Colorado. Works included Website layouts, graphics, and interactive Flash animations.

Web Designer

Penton Media, Golden, CO (Oct. 2000 - Nov 2001)

Design and development of ISPWorld.com Website. Graphic design, online advertisements and eblast production and tracking. Maintenance of web pages and daily content updates. Acquisition and administration of web site domains. Implementation and tracking of paid advertisements on the ISPWorld.com Website.

ACCOLADES

"Tim has been a great collaborative part of our team. Over the years, he has created and developed media for our online courses and established style guides for various online programs. Although his expertise is in illustration, he has the knowledge and development experience to assist with our online design and development requirements. He is one of our preferred contractors."

~ Noël Lyons
Educational Management Corporation

"Tim is easily one of the most gifted and dedicated artists that I have had the pleasure to work with. He is exceptionally talented in design and his illustration skills are truly unmatched. Tim is a very personable artist and easy to get along with, making him a true asset to any creative team."

~ Thomas Wicker
The Granite Companies - Centennial, CO

"Tim has an outstanding and unparalleled work ethic. I have personally witnessed his response as a calming influence to the typical "crisis" ... found in most marketing and graphic art departments. His artistic eye, attention to detail, and "feel" for layout has produced many good pieces in his personal and professional portfolio.

~ Robert Thomas.
The Granite Companies - Centennial, CO

Web Designer

Convergent Communications, Englewood, CO (April 2000 - Nov 2000)

Website design and online advertisement design. Works included Website layouts, graphics, and interactive Flash animations.

Web Designer/Consultant

Pi-Omega Technology Systems/Equine World International, Golden, CO (April 1998 - April 2000)

Website design and maintenance. Works included Website layouts, graphics, and interactive Flash animations.

EDUCATION

Art Institute of Colorado: (AA in Graphic/Website Design)

Fort Lewis College: (BA in Anthropology)
